

Innocence (Blue Gilded Edition) - Pokerdeck

Attention card enthusiasts: This deck is a must-have for your collection. Only 200 **blue gilded editions** with a numbered seal sticker were originally produced for the **Innocence** Holo Kickstarter campaign in 2023.

We've uncovered the very last few decks, and once they're gone, they're gone forever. No reprints. No second chances.

If you're serious about collecting, this is the one you can't afford to miss.
