

Miracle Lamp Milk in Light Bulb with Remote STAGE by Sorcier Magic

Funny and amazing!

A lamp is lit on stage. You, the magician, then make milk disappear. Suddenly (at your control), the lamp turns off. Unscrew the bulb, and pour some milk right from the bulb! Lightweight, completely removable for convenient transport.

It works with an electrical outlet and supports 220v (a transformer is required for lower voltages). It works with remote control and has a height of about 143 centimeters and about 800 grams of weight.

In the package you will find:

- Plastic lampshade
- Removable metal lamp
- Plastic bulb
- Bolt for base
- 1 remote controls
- Adapter socket for USA and Germany
- Wrench
- Video instructions
