

## Key Ring by GBDL and TCC (Size 8)

In collaboration with GBDL - This is **Key Ring**.

Get ready to unlock a world of magic with the **Key Ring**.

This version of the effect can be traced back four years ago to chat messages calling for the prop to be delayed because it just wasn't up to snuff.

During Zuming's nationwide lecture tour in China, attendees got a sneak peek but then left everyone waiting in limbo.

And finally, it's done. **Introducing Zuming's masterpiece: the Key Ring.**

The **Key Ring** might just redefine the meaning of "thinking outside the box" because, trust us, the creative process behind this probably left Zuming's head spinning. The **Key Ring** relies on a single, ingenious structural component to give you not one but two revelation effects - a projection and blister burn effect.

Here's where it gets even more mind-boggling, with projection and burn as two presentation methods; the **Key Ring** can deliver up to six different outcomes.

Apart from the diamond suit, the numeric part can reveal six different results: 2, 3, 5, 6, 8, and 9.

These diverse sets of reveals open up a world of possibilities, allowing you to perform a wide array of mind-blowing routines.

Crafted with an elegant and minimalist design, the **Key Ring** is made of 925 silver and can be given an aged, vintage look. It's a versatile accessory that complements every style - whether you're dressing up, going casual, rocking some hip-hop flair, or embracing retro vibes.

Themed around the mystical Eye of Horus, with intricate engravings of vines, eagle eyes, pyramid bricks, and other ancient Egyptian elements concealed within the ring.

This design embodies the magician's calm and composed outward poise, hiding intricate mechanisms while executing awe-inspiring sleight of hand skills.

Symbolizing understated depth and unassuming grandeur.

The online instructional tutorial includes three distinct routines, from classic card predictions to a pure mentalism routine that draws your audience deeper into the magic.

## Features

- The Key Ring Medallion offers both a projection and blister burn effect.
- Projection: The phone's light projects the ring's shadow.
- Blister Effect: A mesmerizing prediction inspired by Jack Kent Tillar.
- Delivers up to six different number revelations.
- Crafted from 925 silver for simple yet profound elegance.
- Practical and mind-bending wearable magic prop.

## Included

- 1x Key-Ring
- Detailed instructions for three routines by Zuming.
