

POCKET WATCH by IARVEL MAGIC/Silver

Upon hearing your requests, we immediately took action, and after a year of designing and testing various models, we are proud to present the **IARVEL Pocket Watch**.

This timepiece is a perfect blend of classic traditional craftsmanship and flawless modern technology. It is expertly crafted from stainless steel and polished to perfection, maintaining the high standards of premium timepieces. Its immaculate casing, intricate engravings, and elegant color options—Gold and Silver—exude true luxury. Every detail is designed to reflect sophistication, style and quality making it a standout accessory for magicians and enthusiasts alike.

KEY FEATURES:

- **UNMATCHED SPEED:** The speed and precision of the Pocket Watch is exactly as that of the IARVEL watch. It can reach any desired time with flawless accuracy within just 0.6 seconds.
- **UNBREAKABLE CONNECTION:** The new Hyperlink Bluetooth technology integrated into all IARVEL timepieces guarantees a stable connection during use. If the connection is lost during a performance, Hyperlink Bluetooth ensures rapid reconnection and automatically transmits any missed inputs, eliminating signal lag. This reliable technology guarantees flawless performances in any situation.
- **PERFECTLY CAMOUFLAGED:** Designed to look like an exquisite classic pocket watch, the Pocket Watch features no noticeable extra buttons or lights. Its authentic appearance ensures it remains undetectable, maintaining the magic without arousing spectator suspicion.
- **WATER RESISTANCE:** With its remarkable water resistance, the device is both durable and reliable, ensuring consistent performance in any environment and extending its longevity for countless magical moments.
- **LONG LASTING BATTERIES:** The innovative IWW3 technology integrated within the device ensures a remarkable year-long battery life without battery replacement.
- **RANGE:** Bluetooth connectivity allows time manipulation from up to 30 meters away via the dedicated IARVEL App. Performing with confidence and unrestricted movement, knowing that connectivity issues won't hold

you back.

- **MULTIPLE CONTROL METHODS:** The Pocket Watch offers the extensive range of control options available across all larvel timepieces. You can effortlessly manage your device using the compact and discreet larvel remote, the feature-rich IARVEL app, or the IARVEL Pad. This variety empowers you to customize your routines and interactions, perfectly aligning with your unique performance style.
