

Dream Printer by Bond Lee & ZF Magic

Produced by Bond Lee & ZF Magic

Do you know how magicians make their money?

This is our little secret.

Now, you can turn plain white paper into genuine banknotes-all by placing it into our Dream Printer.

It churns out multiple bills in a row, perfect for performances in any venue, and works with currency from every country.

It produces banknotes up to 100cm.

You can even craft fully customized designs with endless possibilities.
