

The Jumping Dominoes by Classicho

Experience the perfect blend of classical elegance and everyday magic with **The Jumping Dominoes**, a reimagined version of the illusion with the iconic Pai Gow (Domino) tiles. Inspired by the 1958 FISM winner, Tonny Van Dommelen's Dizzy Dominos.

Over the years, various versions of this effect have been released, now, Classicho has taken it a step further. We've reimagined this classic routine by infusing it with Classicho's signature craftsmanship, enhancing the quality, collectible value, and magical impact while preserving the original charm.

A Magical Transformation

In this version, we've added a new twist to the classic domino transposition. Beyond the standard switch between a 2-spot and a 6-spot tile, you'll now find a blank tile and an 8-spot tile, which sets up an unexpected and jaw-dropping finale.

After completing the traditional sequence, the tiles can be secretly switched using the included double-layer velvet pouch. This allows you to perform a stunning revelation where the 2-spot magically transforms into the 8-spot, while the original 2-spot vanishes and becomes a blank tile.

Once the audience inspects the tiles, they will be unable to restore them to their original state-adding an extra layer of mystery and enhancing the effect's impact.

Craftsmanship & Portability

Classicho has gone above and beyond to craft each tile from ebony wood with boxwood inlays, ensuring a luxurious feel and smooth handling. The dual-layer velvet pouch not only facilitates effortless switching of the tiles but also doubles as a protective case, making it easy to carry and perform anywhere, at any time.

Features:

- A timeless classic, reimagined as a collectible piece
- Finely polished for a superior texture and feel
- Surprising new ending that adds extra impact
- Tiles are examinable and left in an 'impossible object' state
- Dual-sided velvet pouch for storage, protection, and easy switching

- Portable and ready for performance anywhere

Set Includes:

- 2x Single-sided 2-spot dominoes
- 2x Single-sided 6-spot dominoes
- 1x Single-sided 8-spot domino
- 1x Blank domino
- 1x Dual-sided 2 and 6-spot domino
- Dual-layer velvet storage pouch

Dimensions:

- Dominoes: 30mm \times 60mm \times 7mm
- Velvet pouch: 100mm \times 120mm

Weight:

- Single domino: 16.5g (± 0.5 g)

(All measurements are hand-measured and may have slight variations, but this does not affect their functionality.)
