

Wooden (Small- 18 Decks) Playing Card Display by TCC

Wood invariably confers an affordable yet sturdy and tactile quality. Against the contrasting color and texture of wood grain, the color of your playing cards pops and stands out more prominently.

Through precise measurements, the wooden divider boards are perfectly cut to their appropriate sizes. Assembling the **Wooden Playing Card Display Stand** is just like playing with building blocks. They can be freely assembled and disassembled.

Note: In order to facilitate the disassembly of the Wooden Playing Card Display Stand, we have provided a small tweezer tool.

- **Small wooden display stand** (fits 3 x 6=18 decks); Dimensions (assembled): 22 x 15 x 12cm (~8.7 x 5.9 x 4.7 inches)
