

Vorst&Bosch Stainless Steel Paddle (Small Straight)

A Classic Reborn in 316 Stainless Steel - Durable, Powerful, and Stylish

The **Vorst&Bosch Stainless Steel Paddle** is no ordinary trick. It's an instrument that embodies craftsmanship, precision, and pure magic

You can draw on it with whiteboard markers. This makes the perfect replacement for your favorite paddle routine.

Available in different unique styles:

- **Small Straight** - minimalist and sleek (an ideal EDC for the classic paddle routine)
- **Large Straight** - modern, traditional, and more robust than ever

Why this is no ordinary paddle:

- Made from premium 316 stainless steel
- Leaves no scratches or marks when drawing
- Natural reflection and weight disguise the paddle move effortlessly
- Fully developed according to the DUTCH Protocol:
 - Design - carefully crafted with attention to detail
 - Use - tested in real performance settings
 - Test - subjected to rigorous quality control
 - Check it - no paddle leaves the shop without inspection
 - High standards - we settle for nothing less
- Hand-polished in our own workshop
- 100% handmade in the Netherlands
- Built to last a lifetime

A paddle that works for you. Thanks to its weight and the gleam of steel, the move becomes subtle and almost invisible

The illusion is stronger, cleaner, and more natural - the metal does the work for you

You receive:

- The paddle in your chosen style
- Extra-grip handle
- Maintenance tool
- Detailed instructions
- Pre-worked routines so you can start right away

Vorst&Bosch Stainless Steel Paddle

for artists who choose quality.

This is craftsmanship in its purest form
