

Mini e-ITR by K.Pen & TCC Magic

Sold Out Instantly at Blackpool Magic Convention 2025

An Ultra-Compact, Ultra-Powerful Electronic ITR Device for Limitless Magic

Mini e-ITR, co-presented by K. Pen and TCC Magic, made its debut at the 2025 Blackpool Magic Convention-selling out immediately. It allows you to perform almost every classic ITR effect imaginable: Levitation, Animation, Balance, Rising Card, Invisible Touch, The Haunted Deck, Dancing Paper Balls, and more.

Measuring just 2.8cm \times 2.8cm (~1.1 \times 1.1 inches), Mini e-ITR is compact enough to be hidden on your clothing, inside a wristband, or under a watch-ready to go anytime, anywhere.

Wear it on your clothes to perform effects like levitation, balance, and dancing paper balls.

Attach it to your wristband for rising cards, haunted deck routines, or telekinetic effects with ease.

The sleek, unibody design allows for instant setup on virtually any surface, giving you maximum flexibility and freedom to perform

Take it with you everywhere. Always be ready to amaze.
