

PITATA Wooden Board (Big)

Introducing the **PITATA Wooden Board**

It's a dual-clipboard system that instantly displays anything written or drawn on one board to the other.

This elegant wooden device offers an all-in-one solution.

No need to check your phone or find creative ways to hide it - everything you need is integrated right into the boards themselves and it's designed to elevate your mentalism and magic performances.

The **PITATA Wooden Board** operates as a twin clipboard-system, featuring an Impression Board and a Peeker Board. When a spectator writes or draws on the Impression Board, the exact word or image is instantly displayed on the Peeker Board's built-in screen.

Features:

- **Natural & Elegant Feel:** The wooden boards and the specially designed ballpoint pen appear completely ordinary, perfect for maintaining the illusion.
- **Crafted from Black Walnut Wood,** seamlessly blends everyday functionality with timeless elegance.
- **Versatile Use:** Compatible with multiple writing tools, including ballpoint pens, Sharpies, and whiteboard markers.
- **Two size Options:** Available in large (A4) and Mini (Notepad) sizes.
- **Mix & Match:** Full cross-compatibility. Pair large with small or vice-versa - customize your setup to suit any routine.
- **Effortless Integration:** Fully compatible with the PITATA App Pro, expanding creative possibilities and enabling remote control features.

Whether you're performing close-up, parlor, or on stage, the **PITATA Wooden Board** offers endless opportunities to astonish your audience with real-time revelations.
