

Round Moon by TCC Fashion - Pokerdeck

The Mid-Autumn Festival, one of China's four major traditional holidays, symbolizes reunion, longing, and good fortune. When it comes to the Mid-Autumn Festival, the first thing that comes to mind is the full moon.

The tuck box features embossed gold foil craftsmanship, beautifully capturing the two clever and lively jade rabbits, gracefully leaping under the moon. Against the deepening night sky, lush golden osmanthus trees, Chinese-style border patterns, and a special Mid-Autumn seal combine to create essential symbols of Mid-Autumn culture.

Great care has been taken to blend traditional elements into the card faces, which feature customized designs for both the court cards and the pips. Each court card is displayed against a scroll-like background, with the characters dressed in traditional attire. The intricate ancient patterns on the garments symbolize harmony and beauty.

The "Chang'e" deck continues the tradition of TCC's exclusive M23 finish thin-press technique, making it suitable not only for collection but also for cardistry use. With excellent durability and balanced softness, the handling experience significantly improves after some play.
