

Pass To Pass (Red) by Marco Markiewicz

A creation by Marco Markiewicz - once again, he pushes the limits of the impossible.

Imagine this...

You take a coin from your pocket and let it be examined, along with an ordinary glass.

Then, with a regular deck of cards, you cover the opening of the glass.

With a sharp gesture, you throw the coin... and in a fraction of a second, it penetrates the deck to appear inside the glass, right before your spectators' astonished eyes.

PASS TO PASS is more than just an effect:

It's a true visual illusion that defies logic.

A redesigned, modern gimmick that lets you control the passage of the coin at any moment.

- Extremely easy to perform
- Instant reset
- Multiple variations explained
- Main gimmick included + bonus gimmick card

Available in red and blue
