- Pips & indices are outlined in silver metallic ink
- Standard courts (Recolored, and All Swords Resemble Damascus Steel)
- Identical Jokers (Perfect for routines and tricks)
- Extra Joker with reveal (7 of Diamonds)
- Custom Ace of Spades

"The finest steel has to go through the hottest fire," is the phrase that I base the theme of this deck around! Resilience, strength and perseverance are principles that are extremely important to me so I really wanted to portray that through a deck of cards. If you've been following my projects for awhile you're probably familiar with the fact that I love to base my decks of cards around themes of happiness!
