

No Comment Pro (Blue) by Astor

The professional evolution of the original No Comment.

This completely self-working card miracle is enhanced with new convincers and fresh presentation possibilities, making the effect even stronger.

Effortless to perform yet powerful enough to fool even the most experienced magicians, **No Comment Pro** is designed for both working professionals and enthusiasts who demand maximum impact with minimum effort.

Completely sold out at Magic Live 2025, this effect has already proven its place as a modern classic.

Available in red and blue.
