

The Trick With A Name by Piff the Magic Dragon

"**The Trick With a Name**" is Piff the Magic Dragon's fun new card routine that is easy to perform and incredibly powerful. To help with remembering your audience's names, you hand out "Hello, My Name is..." stickers. You ask a participant to select a card, and it instantly vanishes from the pack. It's not gone for long, as you then reveal that it is printed on the back of the nametag that they've been wearing since before the trick started! "**The Trick With a Name**" has no sleight of hand and is almost self working.

This killer card routine is incredibly flexible and can be easily customized to work in any venue, including strolling and tradeshow shows. It is incredibly interactive, fun to perform, and gets great reactions. "**The Trick With a Name**" packs flat and is lightweight, so it is easy to always carry in your set.

The trick comes with 100 blank name stickers as well as 50 reveal stickers. Don't worry, there are five different cards you can reveal, so you're free to repeat the trick as much as you want.

Get "**The Trick With a Name**" today and add a truly unique routine to your act.
