

Spirit Bell by Tony Anverdi

Designed with exquisite attention to detail, Anverdi's **Spirit Bell** is a masterful blend of craftsmanship and innovation.

The bell itself is large, resonant, and commanding its rich tone captures attention the moment it sounds. Resting atop a beautifully hand-crafted wooden base, the elegant bell is perfectly paired with its matching arm holder, creating a striking visual centerpiece.

At its heart lies cutting-edge technology: remote-controlled functionality with both single and double ring options, and a built-in delayed timer. Whether it rings on cue or appears to do so on its own, this bell conjures an aura of intrigue and enchantment. Over twice the size and considerably louder than any Spirit Bell you've encountered before, it elevates your performance with its presence alone.

Anverdi was a constant innovator, and we have maintained his revolutionary spirit in this updated version. Unlike other bells on the market, **Anverdi's Spirit Bell** is fully examinable. Your spectators are even welcome to assemble the device themselves, and they'll never figure out the secret.

Included are two sets of oversized performance cards, printed on thick card stock, one standard ESP deck and a specially designed storytelling set.

Each deck is subtly marked, offering endless possibilities for creating immersive, unforgettable moments of mystery.

Conceived by the legendary Anverdi, this Spirit Bell reflects the quality, reliability, and ingenious design he's known for, imbued with an air of quiet wonder rather than fright.

*"I can remember back in the 60s and 70s when I first became aware of the name **Anverdi**. The quality of the props and the ingenious methods for some great magical effects were stunning! Now, over 60 plus years later, it is once again stunning to see this new product that Murphy's Magic, the new owners of the Anverdi line, is offering! **The Spirit Bell** effect is a classic and these are the best props ever for performing this effect, plus others, and at an incredible price point! If this kind of magic is your thing, run to place your order!"*
