

Feng Shui by Vanshy

Discover a double approach to the legendary Chinese Charming Challenge. This complete study includes two full routines (one with regular coins and one with a gimmick), plus a powerful extra move with a single coin-using only coin and ribbon, both fully examinable.

Gimmicked Routine

Perform clean, visual magic:

- Show the ribbon being threaded through all three coins.
- Display the coins clearly on the ribbon before every effect.
- Show your hands empty before and after each phase.
- End the routine completely "clean," with everything examinable.

The custom-modified coins and shell are designed not only to make every move smoother, but also versatile enough for any other coin-and-shell routines you want to perform.

Non-Gimmicked Routine

A powerful version with an extra coin:

- The ribbon is threaded through all three coins.
- The middle coin is the first to come off-openly and clearly.
- Before each effect, the other two coins can be shown still threaded.
- The final coin is visibly on the ribbon before being removed-even while held by the spectator.

These are authentic Feng Shui amulet coins, slightly larger than dollar coins, and 100% examinable.

What's Included
