

My Prince Will Come

Do you perform magic for children?

What if you could tell them a fairy tale... live, through magic? With MY PRINCE WILL COME, you're offering much more than a trick — you're creating a magical adventure they'll remember for a long time.

A brave knight, a princess in danger, a fearsome dragon... and an ending worthy of the greatest fairy tales: “They lived happily ever after... and had lots of children.”

Everything unfolds before the children's amazed eyes, with beautifully illustrated cards designed to tell a real story.

Why MY PRINCE WILL COME is a true professional routine:

- special cards printed by USPCC, in red or blue Rider Back, for flawless quality and handling;
- comes with a deluxe magic case to elevate your presentation;
- clear, well-paced routine that's easy for children to follow — and impressive for adults too;
- video instructions in both French and English for easy learning.

MY PRINCE WILL COME is the perfect blend of magic, storytelling, and wonder — designed for professional magicians performing close-up or parlor magic who want to offer children a true magical tale, not just a trick.

Ideal for birthdays, school shows, or themed festivals.
