

HOSOI HAMMERHEAD 40 YEARS PEARL FOIL PLAYING CARDS

Christian Hosoi. Skateboard history's rock star. The front man. Hall of famer. If you know anything about skateboard history, the 80s, or pop culture in general- you certainly know Hosoi.

2025 marks 40 years of the **ICONIC HOSOI HAMMERHEAD**. This legendary skateboard revolutionized the shape of boards. The iconic graphics were designed and painted by Christian's father, Ivan "Pops" Hosoi. This father and son combination catapulted the Hosoi Brand to the best selling boards of the 80s category.

I am absolutely humbled and honored to present this limited **40 Year Anniversary Deck** completely laced with pearl foil to commemorate this occasion. Housed in a pearlescent sparkle tuck box featuring spot gloss and deep embossing.

The deck was entirely hand painted by Ivan Hosoi for this collection.

Do not miss this. History in a box. Also featuring photos by Grant Brittain.
