

The Goldsmith 2-Deck Set by Kevin Cantrell

The Gentleman Wake presents the first offering of a new Cantrell A Priori brand (CAP) by Kevin Cantrell Studios; **The Goldsmith Playing Cards**.

Elegant and ornate. Beautiful and luxurious. The Goldsmith playing cards pay homage to the father of the printing press, son of goldsmiths, Johannes Gutenberg.

Every set comes with one (1) Goldsmith black edition, one (1) Goldsmith white edition, one (1) Goldsmith luxury 24k gold plated commemorative coin, and one (1) real walnut carat case with magnetized high grade acrylic cover and coin holder. Only 750 Sets will ever be produced.

The cards are printed by WJPC, on their premium stock with linen finish and feature brilliant cold foil on the backs and faces and beautiful gold gilded edges ideal for extending the lifespan of the cards. The tuck boxes are printed by Studio Pression in France and feature premium foil embossing on the highest quality card stock. The walnut carat cases are branded on the back and are manufactured and provided by Carat Case Creations.
