

Ultimate Carré Blanc by Jean-Pierre Vallarino

Show your spectator 4 blank cards, not yet printed... then transform them one by one, in full view, to reveal a square!

A SPECTACULAR VISUAL TRANSFORMATION

This updated version of Jean-Pierre Vallarino's trick allows you to show four completely blank cards before making them appear one by one before the spectator's eyes to form a square of aces. The effect is direct, fast, visual, and creates a real surprise with each transformation.

READY TO USE WITH HIGH-QUALITY MATERIALS

Everything is provided in this ready-to-use kit: red-backed Bicycle cards, built-in gimmick, and video explanation in French. No DIY, no complex manipulation, you are ready to perform as soon as you receive it. Whether in close-up, in a salon, or even online, the effect works in all conditions.

A CLASSIC BROUGHT UP TO DATE

Suitable for all levels, this trick combines simplicity of execution with strong visual impact. Thanks to Vallarino's teaching methods and the cards provided, you get a professional effect that is accessible to everyone. Ideal for enriching a card routine or as an impressive opener.

- Ultra-visual and direct effect
- Bicycle cards provided, ready to use
- Clear explanation in French
- No sensitive angles: can be performed in all conditions
- Accessible to beginners, impressive for experts
- Perfect as a routine opener
