

My Intuition by Jordan Victoria

If you're looking for an effect without long speeches - something based on pure feeling, on intuition - **MY INTUITION** is made for you.

You present a deck of cards. The spectator can shuffle it themselves at any time during the performance, then freely choose a card - no influence, no forcing.

That card stays isolated until the very end, clearly visible to everyone (no switch).

Then, simply guided by your intuition, you remove three cards from the deck...without even looking at them. You can turn your head away during the entire experience - or even blindfold yourself.

And yet, those three cards will reveal the chosen card perfectly :

- the first one indicates the **color**,
- the second, the **suit**,
- the third, the **value**.

Finally, the spectator shows the card they freely selected at the beginning... and it matches exactly what your intuition revealed.

MY INTUITION has been designed to make this moment as pure as possible -with no sleight of hand and no force.

Every detail has been carefully thought out to ensure the effect is clear, powerful, and works every single time.

- Specially printed on **Bicycle Rider Back** stock
