

Rudolph's Nose (The All Year Around Christmas Trick) by Mark Traversoni

Rudolph's Nose

is a charming trick where your helper saves the day when they magic up a new nose for Rudolph.

The task seems quite straightforward but mayhem breaks out when the wrong color noses appear, first blue and then black.

All is not lost as third time lucky Rudolph has his brand new red nose.

It is very easy to do and great fun to perform.

Add your own broken wand type gags (not supplied) to have even more fun during the routine.

Ideal for children's parties and events, the kids love it.

Mark does this any time of year it's not just for Christmas.
