

The Magician's Last Secret (Diamond Edition) by Anti-Faro - Pokerdeck

The **Diamonds Edition** may seem like a standard deck, but don't overlook them! Each court card depicts references to famous tricks and acts, carried out by your standard court figures. So don't miss put on this playful and whimsical rendition!

Being magicians ourselves, we understand the balance between performance and storytelling. That's why this series includes a standard face (**Diamonds Edition**), perfectly suited for magic performances. Clean, familiar faces ensure your sleights remain invisible, while the deck's vintage styling keeps your audience enchanted from the first reveal to the final flourish.
