

Sun Smoke with Vanisher 2.0 by SUN

Now, anyone can perform magic where silk disappears into smoke!

It's not difficult. Just press the button, and the magic will happen right in your hands.

Experience the magical moment for yourself!

Additionally, silk and smoke are materials that go well with any magic.

Try using them with your other props.

We are confident that your magic will become even more amazing!

If you're worried about the post-performance cleanup, try using the sleeve.

There is a hole on the main unit where you can attach the reel.

We hope our product helps magicians like

Changes in Version 2.0

1. The design has been simplified and offers a better grip.
2. The current mode can now be easily checked and changed.
3. The internal structure has been completely redesigned to improve waterproof performance.
