

Piña Playing Cards (marked)

Víctor Piña is a brilliant Spanish magician and a great friend of Butterfly Magic Store. We joined forces to produce a deck of cards he would love and would be proud of using in his shows. The design for this deck was created by the highly talented Paulina Díaz from Chile.

Víctor had a clear vision for the back design. He wanted the cards to resemble “the classics” - decks like Arrco Playing Cards and Stud Playing Cards.

And we spiced up the back design with a brand-new marking system. If you're familiar with the markings of Butterfly Playing Cards, you will quickly get used to these.

The Piña deck hides two more magic features. It has a one-way back and face design. We adjusted the classic Arrco faces in the same way as we did in Butterfly Playing Cards.

We printed Piña Playing Cards with the United States Playing Card Company on crushed Premium stock with a traditional cut. They feel great straight out of the box and will last you a long time. They faro flawlessly from the faces to the backs.

Inside every Piña deck, you will find two gimmicked cards - a blank face card and a double-backer.
