

## Mini Card Rise by Martin Schwartz

A freely selected card rises from a tiny miniature deck of cards.

You show the "world's smallest deck of cards" fan the cards and have one freely selected. The card is replaced, and the deck is held between your fingertips in full view of your friends. With a few magical passes the selected card rises from the middle of the deck.

If you like rising cards, you will love the Mini Rising Cards. No rollers, motors, springs, elastics, or threads. Very easy.

Comes complete with a miniature deck of cards (1.25" x 1.625"), gimmick, and access to an online video tutorial. A Dr. Martin Schwartz product.
