

Good Pals Christmas (Snowman Edition) - Pokerdeck

Good Pals Christmas Playing Cards

- a magical celebration of Christmas spirit, captured in four beautifully illustrated decks.

These decks feature Santa, snowmen, reindeer, gingerbread folk, and all your favorite holiday characters - the perfect gift or collector's piece for the holiday season!

Snowman Edition

The Snowman Edition tuck case was inspired by the Ace of Spades. The ace captured a beautiful, winter landscape that had a magical feeling to it.

The Snowman Edition was a last minute creation, but a wonderful one at that. Our designer, 47kills, quickly threw in a blue version of the red Santa back, and the combination of icy blue and white was the perfect match.

However, it didn't feel right to keep Santa on the back, so we decided to include one of our beloved Snowman characters from the court cards onto the card backs to complete the design.

Court Cards:

The courts of Good Pals Christmas Playing Cards are fully custom and feature a unique Christmas character on each card!

Santa, Mrs Claus & our festive elf occupy the heart courts whilst the diamonds feature a gingerbread man, gingerbread girl and a nutcracker.

The spades and clubs continue with traditional Christmas characters but now with the addition of snowmen and some furry friends!

Aces:

The design of our aces are split between themes of a cosy Christmas cabin and a beautiful wintry village. The hearts and diamonds showcase

presents within a stocking and under a Christmas tree, whereas our clubs and spades take us to a scenic place within the snowy mountains with our penguin friends.

Number Cards:

You guessed it, the Christmas theme doesn't end there. All of our number cards contain a holiday themed illustration inside them to ensure that with each shuffle the festive spirit lives on.

Our diamonds feature a bright Christmas star whilst our hearts are expertly gift wrapped with a yellow ribbon. The spades feature a snowflake with light snowfall and our clubs are decorated with three baubles on each pip.

Extra Cards:

The first joker features 2 gingerbread characters, one of which has been nibbled on! Our second joker card features two penguins playing cards.

The final two cards of the deck feature two cards we hope capture the spirit of Christmas. Our first art card shows two children playing in the snow accompanied with their furry Christmas friends.

Our second art card features the two Good Pals mascots from our logo. Sneakily they are peeking on Santa Claus leaving presents behind for the household.
