

SURYAS DEVICE PRO Surya kumar

Surya's Device Pro

is the next evolution in ITR technology, this is not to be compared with any other ITR release from the past. This takes IT to an entirely new dimension, opening up a new realm of possibilities. Unlike the ITR that depended on an external anchor point, this device is self-contained and perfect for the close-up or street magic performer, no wax balls to worry about makes this a dream come true!

All the routines with this device use only borrowed props, you start clean and end clean, there is literally no reset involved or required, as long as you have the device with you, you are always ready to go.

- **Surya's Device Pro**

Amazing Routines

- **3 phases of the haunted pack routine**
- **2 phases of a brilliant breakthrough with the linking rubber bands.**
- **The Flying Ring routine.**
- **The Zero G. currency floating bill routine**
- **P.K. effects**

This device is a game changer for the close up performer, many of the past classic routines are now possible in a practical way. The fact that all the props can be examined before and after the routine is just the icing on the cake. We think you will really enjoy using this and we see this device becoming a long term classic just like the ITR. We hope you enjoy using it and look forward to seeing all the amazing routines and innovations that you end up creating, this device is only limited by your imagination.

All the routines are practical and easy to do.No reset required, you are always ready to perform.

All the props can be borrowed. Starts clean and ends clean.

Surya's Device Pro is the next evolution, a tool designed by a working professional, for working professionals
