

Subtle Card Creations Vol. 7 by Nick Trost - Buch

Nick Trost's Subtle Card Creations series of easy-to-do card effects continues with Volume 7. As in the other volumes in the series these routines rely on subtle moves and principles rather than difficult sleight of hand. Once again there are over 100 tricks, this time collected in 11 chapters covering Gambling Tricks, Poker Puzzles, Baffling Revelations, Unique Card Effects, Amazing Coincidences, ESP tricks and more.

"The name Nick Trost has always been synonymous with good, simple and commercial magic. (He) is one of my heroes in card magic... Nick's fertile imagination has created some of the most truly memorable effects during the past few decades..."

- **Aldo Colombini**

"The student of magic will find a great deal of valuable information in this book... Mr. Trost knows how to construct entertaining card magic..."

- **Roy Walton**
