

## Rising Card Sip (Red) by Gustavo Raley

Gustavo Raley presents **Card Sip** by Daniel Raley, produced by Gustavo Raley

We present a fresh and fun card magic routine, ideal for your close-up shows and family magic, produced by Gustavo Raley and created by Daniel raley, Gustavo's father.

In this routine, a spectator freely selects a card, signs it, and loses it in the deck. In an impossible and completely visual way, the magician uses a simple straw to "sip" and extract the selected card, leaving the audience amazed by both the magic and the humor of the routine.

**Card Sip** is designed for all types of audiences, with a touch of comedy and surprise that immediately connects with spectators. Perfect for participatory routines and close-up magic effects that are meant to stand out.

The set includes the specially designed gimmick along with complete online instructions.
