

Here is the perfect “scenic backdrop” for the illusionist who wants to convey professionalism in an instant. The aluminum structure can be assembled (and disassembled) in just a few seconds, and only one person is needed to do it. Around the perimeter of the backdrop there is a white Velcro strip, allowing you to easily and securely attach a cloth (not included).

- The backdrop, with a semicircular structure, measures approximately 280 cm (curve length) x 224 cm (h) x 28 cm (d) when open.
- A convenient carrying bag for the backdrop is also included.
