

Kumpu by Marcos Cruz and Pilato

A colorful, visual hat that magically transforms into six different themes - instantly.

KUMPU is a professional, audience-tested magic prop designed for children's entertainers and family performers. With a simple turn from the inside, the hat visually changes into six different themed hats, one after another, right in front of the audience.

This transformation happens smoothly and instantly, creating laughter, surprise, and strong visual moments that play big even for large audiences.
