

Suits Piece

Introducing **Suits Piece**

Effect 1: A spectator freely selects a card. The magician places a blank card and some suit fragments into a card box, gives it a shake, and the blank card transforms into the spectator's chosen card.

Effect 2: Four blank cards are shown. A suit fragment is placed under each one. As the four suit fragments vanish, they reappear forming a "4" on the final blank card.

Effect 3: A spectator freely selects a card. The magician holds the card and gives it a gentle press. All the suit fragments fall out, and the card held in the magician's hand turns blank.
