

## Bicycle Prototype (Purple MetalLuxe) by USPCC - Pokerdeck

These prototype decks are from a small test run of our new MetalLuxe® light purple color and they are so beautiful, we thought we'd give you a chance to get your hands on them.

The special stamped application of metal foil is coated with our proprietary coating before our Air-Cushion® finish is applied. The result is a luxurious look with the performance and durability from Bicycle® Playing Cards.
