

Angels and Demons (Workers Edition) by Dead Rebel Productions

Dead Rebel Magic is back with a new and dark take on the classic Out of This World!

Simon teaches you the classic 'Out of This World' card effect, where a spectator deals a deck into piles and somehow separates the reds from the blacks... but things are a bit different.

Angels and Demons includes a specially printed, full pack of picture cards - 26 heavenly angels, and 26 demonic devils. The art is spectacular, the cards great quality, and the storage tin (with a clever ambigram that reads 'Angels and Demons' either way up) make it a practical piece of bizarre magic/mentalism.

The cards can also be used most (if not all) variations of Out of This World, and other routines will occur too - perhaps a 'cutting the Aces' where the spectator chooses the only four Angels from a packet of Devils, or an Oil and Water where the Angels 'Rise Above' and the Demons are 'Down Below'...

Very limited stock of this gorgeous set.
