

Mullicari Wallet by GRUM®

Introducing the **Mullicari Wallet GRUM CLASSIC Edition**.

The perfect EDC!

GRUM CLASSIC offers the same design and magical effects as our popular GRUM Handcrafted Range, produced with machine stitching to make them more affordable. Perfect for performers who want proven GRUM functionality without the investment of a fully handcrafted wallet.

GRUM CLASSIC is our new range of professionally made leather products, created to offer the same trusted designs and effects as the much-loved GRUM Handcrafted Range.

From Grum's BABU, the legendary nest of wallets, comes Mullicari - the next evolution. A respectful homage to Tom Mullica (with Mullica-inspired handlings), supercharged with Mark Strivings' approved S.U.C. system. Just like the popular Babu wallets, a borrowed ring, coin, poker chip, or signed card can vanish and reappear inside an envelope, sealed in a pouch, secured in a wallet... and that's only the beginning! With the added bonus of an integrated peek wallet you're always ready to perform your favorite card, coin, billet, and ring-to-wallet routines - all in one sleek design built for today's working magician.

Here is what people have been saying.

"Just wanted to say I've been working the smaller version for a while and its incredible. This has replaced my JOL plus wallet, and the fact that it looks like a normal small mens wallet is so important. Truly made for the modern day performer" ... "it's incredibly small and looks like a wallet i'd actually have as opposed to a giant gentleman wallet - envelope wise would be mainly for rings and small objects but that's all I ever really used for JOL anyway. its a banger"

- Saavan Thethy - Babu Wallet Minimalist

"I use it a lot now. For anything: rings, coins, folded cards... Best thing is the reset, no faff, no envelopes, it's all very self contained and I love that. And how cool is ringo hanky pocket too! Yea it's very neat. Deceptive and again, 'self contained' and looks the part. It's gear that works for professionals!!"

- Sam Fritton - Magician and Creator of Solo

"I was lucky enough to see this last night. Great method and excellent quality prop. Well done Ari Phillips"

- Bob Hannam

"I've seen Saav perform this live and it kills! This will definitely be replacing your JOL and mine also!"
