

## DG Maze Deck

Daniel Garcia is known for being a creative powerhouse and is beloved by magicians for his unique thinking. We're so excited to introduce his newest creation, the **DG Maze Deck**. Designed by Daniel himself, the **DG Maze Deck** is a pack of cards that hides a devious secret.

Every card back features Garcia's "Maze Design", a bold, geometric pattern that doubles as a clever and practical marking system built right into the design, with zero decoding or mental gymnastics. Once you learn the marking system, you'll instantly know the card's suit and value without having to take a second look. The marking system was designed to be visible from across the table yet invisible to those who don't know it. You'll never need to tilt, squint, or hold the cards close to read the markings.

Printed by the United States Playing Card Company on premium crushed stock, the **DG Maze Deck** handles smoothly straight out of the box and is perfect for everyday carry and real-world performances.

This is not just another deck of cards. It's Daniel Garcia's maze deck, one you'll want to get lost in again and again.
