

Are You Sure? by Damien Vappereau and Marc Céliandre

"Are You Sure?" - when choice is only an illusion

Are You Sure? is a brilliant routine created by Damien Vappereau & Marc Céliandre. A card is placed in the spectator's hand from the very beginning. It never moves. It never changes. And yet... the entire routine revolves around it.

On this card: numbers, choices, possibilities. The magician asks the spectator to think of a number between 1 and 4.

Are You Sure?

The spectator freely names a number, convinced they are deciding the outcome of the effect. The magician then removes the corresponding card... and miracle: it is exactly the same as the one printed on the back of the card the spectator has been holding since the start.

Freedom vs. Illusion

Coincidence? Premonition? Subtle manipulation? With **Are You Sure?**, the spectator realizes that their choice may not have been a choice at all.
