

Huzzle Cast Medallion - Difficulty Expert

The Medallion is a complex maze puzzle with disks that are inextricably linked. Rotate the gold and silver disks causing the center black pieces to move outward. If you try to take a shortcut, you will be caught in a dead-end trap. It is up to you to solve by intuition or by analyzing.

To celebrate 40 years of Cast Puzzles (1983-2023), we bring you this 'out of range' Cast Puzzle, as a special Huzzle edition.
