

Hungry Hamster by Liang Kuai & Amor Magic

Introducing **Hungry Hamster** by Liang Kuai & Amor Magic.

Welcome to the Little Hamster's Magical Stage.

Created by magician Liang Kuai, Hungry Hamster turns a few seemingly ordinary white cards into a whimsical stage for a playful little hamster. Charming, warm, and highly interactive-this is a moment of pure childlike wonder.

The performer shows several blank white cards and tells a cute story about a hamster and sunflower seeds. Then, the hamster mysteriously appears on the cards-nibbling seeds, running around, and hiding in different scenes. As the story unfolds, the once-blank cards gradually reveal various images of the hamster... and in the finale, the hamster "jumps" out of the cards and lands right in the spectator's hand!

Highlights:

- Portable packet trick with multiple interactive phases
- No sleight of hand required-easy to learn
