

The Hardest Rubber Band by Hanson Chien

Warning! X-RATED magic ahead!

If someone asks you to show some HARD tricks, this is the trick for them. You display a rubber band, and this rubber band is placed into the spectator's hand who closes it into a fist. Finally, you let the audience think of what he/she desires. Then this band VISUALLY changes shape and becomes the DING-DONG shaped rubber band.

This is THE HARDEST RUBBER BANDS.
