

The Baby Hand by Hanson Chien

CUTE. CREEPY. IMPOSSIBLE... A NEW HAND IS BORN

A baby's hand reaches out from a photo and steals a coin— then the image inside the picture actually changes.

From Hanson Chien x Michael Ammar x Alex Ng, comes a new generation of Little Hand magic that's as adorable as it is unsettling.

EFFECT

Inspired by the classic The Little Hand — a tiny hand appears between the magician's palms, grabs a coin, and vanishes with it.

Now, The Baby Hand takes this miracle to the next level.

The photo becomes a portal to another world: a baby's hand stretches out from the picture, snatches a coin — and when the audience looks back, the coin is inside the photo.

It's cute, creepy, and downright impossible.
