

Van Gogh V2 Playing Cards by 52 MUSÉE - Special Edition

V2 continues the same illustration style as V1, but features even more vivid and radiant sunflower artwork and colors to convey the intense vitality found in Van Gogh's brushwork. We firmly believe that these timeless masterpieces, infused with the soul of a great artist, are worth reigniting public admiration and attention.

The special edition deck, created especially for collectors, is inspired by Van Gogh's 1887 self-portrait.

This painting employs the distinctive pointillism technique of Impressionism, with small, intense brushstrokes resembling flickering flames, weaving together dense dots of blue, green, yellow, red, and more.

In the image, Van Gogh's gaze is determined, while his flowing hair contrasts sharply with the swirling background. Every color vividly expresses the passionate outpouring of his inner world.
