

## Split Card by Tora Magic

A Card. A Frame. An Impossible Illusion.

Begin by inviting a spectator to freely choose a card. Place the selected card inside an elegant wooden frame clearly visible at all times. Then the magic begins.

After a mysterious gesture, you zig zag the frame and card impossibly! Then you slowly put the card back together and remove it from the frame intact!

Simple to perform. Impossible to forget.

A stunning visual effect.

A beautifully crafted wooden frame included.
