

Picasso Playing Cards by 52 MUSÉE - Special Edition

Through Picasso's signature distorted lines and vibrant colors, this deck not only showcases his distinctive artistic style but also captivates with a dazzling Laser HOLO effect that plays with light and shadow.

The special white edition reflects Picasso's innovative exploration of color and form, as well as his profound insight into human emotion.

The illustrations are inspired by themes from Picasso's "Rose Period," characterized by bright tones and a soft, emotive style.

Unlike the standard edition, this special version shifts from themes of melancholy and solitude to more relaxed, joyful scenes, reflecting an exploration of humanity and a deep love for life.
