

Aluminum Alloy Cups and Balls Matching Chop Cup by TCC Magic

The craftsmanship of this chop cup is just as exceptional as that of the chop cup in the Artistic Combo Cups and Balls Set. The magnet is seamlessly embedded in the cup, yet its appearance is indistinguishable from our standard Aluminum Alloy Cup.

Each chop cup comes in individual packaging, with one regular ball and one magnetic ball included.

Note: The Chop Cup is not part of the Aluminum Alloy Cups and Balls Set and needs to be purchased separately.
