

## Prophecy Matrix by Mato and TCC Magic

Free Choices. One Inevitable Outcome

Your Audience Volunteer freely arranges the vibrant acrylic number tiles however they wish on a beautifully crafted walnut display board.

A grid of different colors. A scatter of numbers. A completely free choice.

And yet - your prediction, made from the very beginning, hits with impossible accuracy.

No force. No switches. No complicated setup.

Comprising premium acrylic number tiles, a solid walnut display board, prediction cards, small envelopes, and velvet carrying bags.

The premium wooden display board features a smooth magnetic-locking acrylic lid. Once the tiles are placed inside, the lid clicks into place, allowing the performer to freely tilt or rotate the board without any tile shifting out of position.

**The Prophecy Matrix** includes two full sets of acrylic tiles. Each acrylic tile is single-sided engraved, vibrant, and beautifully translucent. Two full sets are included - one with single-digit tiles, and one with double-digit tiles (16 pieces each).

You can hand-write your prediction at the start of the routine, or simply use the included pre-printed cards.
