

Odd Fellows (Father Firkin) by Stockholm 17 - Pokerdeck

The Odd Fellows from The Sanctuary

Father Firkin (with Stainless Steel Hip Flask and wooden box)

Evidence seized at The Sanctuary - home of a gang of petty criminals disguised as clergy, plotting heists, bootlegging spirits, and running crooked games.

Inside this stainless steel hip flask (pale brass tint, embossed on all sides) lies a poker-size deck of playing cards featuring the Odd Fellows from the Sanctuary. The flask is not designed to hold liquids - a metal lid at the bottom opens to extract the deck.
