

## Wayne Rogers Appearing 8 Foot Ladder from Briefcase by Big Guys Magic

Your Audience Won't Believe Their Eyes: **The Appearing 8 foot Ladder!**

Looking for that truly impossible moment in your act?

Imagine taking a normal-looking black aluminum briefcase, snapping it open, and then... pulling out a full 8-foot ladder!

Just pick it up and walk away, leaving a room full of gasps.

This is our top-selling item for a reason! It's a three-dimensional marvel, incredibly deceptive, and a joy to perform. Thanks to its clever design, which uses advanced Appearing Pole technology and simple, reliable mechanics, you can even perform it surrounded by your audience on three sides.

The custom briefcase does all the work of hiding the secret. (And yes, if you prefer, the ladder can be transferred to another container!)

Don't just take our word for it-it was voted Best Effect at the 25th International New Zealand Magicians Convention.

**Here's what other pros are saying:**

*"This is the way all magic should be manufactured!"*

- **THE TRICKERY**

*"It's a great product - I've been very impressed with your simplicity in the mechanics and the sure fire way in which it works."*

- **Tim Clothier, author of Advanced Illusion Projects**

**The Appearing Ladder** comes complete with the briefcase, so you're ready to perform this mind-blowing illusion right out of the box. Get ready for instant, unforgettable impact!
